

Show your NUCA Pride with this 3ft. x 5ft. double sided flag: it's sure to catch the attention of anyone who walks by. Because it is made out of durable knitted polyester material, it is perfect for outdoor use. This flag can withstand high winds, rain, and other challenging weather conditions, making it ideal to fly on the jobsite. In addition, it can be washed and ironed. This flag is made so that the NUCA logo shows on both sides. This means that there are three total layers to this flag—the front and backside are printed individually, while a third layer is sandwiched in between to ensure that each image doesn't show through to the other side.
