

NUCA/PAC

WE DIG CONGRESS

NUCA/PAC is the only Political Action Committee that represents the interests of the American utility construction industry in Washington, D.C.

Why Contribute?

A contribution to NUCA/PAC is an investment in your future. NUCA/PAC allows industry participants to greatly multiply their individual political effectiveness. Every dollar you give helps support, elect, and re-elect pro-business and pro-infrastructure candidates for Congress. Contributions enable NUCA members and staff to educate and build relationships with Members of Congress and support a pro-infrastructure majority on Capitol Hill.

WHAT ARE WE DIGGING ON CAPITOL HILL?

- Investing in Our Nation's Underground Infrastructure
- Promoting Pro-Business, Pro-Construction Policies in Legislation
- Building the Workforce of Tomorrow
- Educating Congress About Our Essential Role in Building and Repairing Infrastructure

Your contribution makes a difference!
Contact Chris Barrett, at chris@nuca.com or 703-358-9300 for more information on engaging with **NUCA/PAC**.
