

## **2023 WORKFORCE DEVELOPMENT CHAPTER GRANT**

### **SUBMISSION INFORMATION**

The Chapter Grant is awarded annually to a NUCA Chapter that has helped to promote workforce development, training, and education within the utility construction industry in 2023. This award will fund the winning chapter scholarship program or activities with the purpose to help identify opportunities in expanding the pool of qualified labor in the utility construction industry.

#### **AWARD DESCRIPTION**

A one-time award of \$5,000 from the NUCA Foundation for Education & Research.

#### **RULES FOR SUBMISSION**

- NUCA Chapter must be in good standing.
- The project or event must have taken place during the 2023 calendar year.
- The official signature form signed by the current Chapter President must be included in the submission packet.
- The submission requires description of the project/event.
- Additionally, each submission requires a description on how the event promoted workforce development through education or training to the construction industry.
- Each submission requires a list or description of vendors, partnering associations, or other organizations that participated or supported the event.
- Any additional relevant or highlights the chapter wishes to include.
- AV requirements: a minimum of four high resolution photographs. Video footage or other presentations are encouraged. *The photographs and content submitted may be used in future NUCA publications.*
- If some of the grant is to be used for a future program/event, please add a description and a total anticipated budget of the program and what portion of the grant will be used for the program/event.
