

Your Company's NUCA Membership Is The Most Valuable Professional Investment You Will Make In Your Industry.

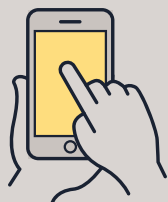

NUCA provides a broad array of connections, tools, and benefits that save money, deliver tangible value, and boost your company's performance. All of these benefits and services will deliver a positive return to your business when you invest in NUCA.

Representation: NUCA represents your business in Washington, D.C. Our advocacy team protects your interests in Congress. Our determined lobbying for new infrastructure legislation in 2021 helped deliver billions of new dollars in additional Federal resources to the utility construction industry. NUCA also tackles burdensome regulations which directly affect our membership's bottom line.

A Strong Voice on Capitol Hill

Damage Prevention and Claim Avoidance:

NUCA's member-only NUCA WINS smart-phone app records all worksite incidents right at the point of occurrence. NUCA members receive subscription discounts for the app, which helps reduce the cost of claims, promotes safety, and eliminates paperwork. Find out more at NUCAWINS.com.

Healthcare and Human Resources: NUCA Advantage can help you find the most competitive healthcare insurance plans for your employees and their families to meet your cost objectives. We also provide to members no-cost HR benefits and training courses via our online platform at NUCAAdvantage.com.

Group Health Compliance Employee Benefits

NUCA Chapter Network: NUCA members in many areas belong to 32 regional NUCA chapters, which offer additional benefits—education & training, networking, advocacy for better state and local laws and regulations, workforce development, and local events.

Regional Chapters And Growing

Networking: NUCA's many events provide one of the easiest ways to network with fellow utility contractor professionals and look at your business from a new perspective and improve day-to-day operations.

Annual Convention & Exhibit Washington Summit Safety Directors Forum Chapter Events

Safety and Damage Prevention: Your NUCA membership can help your company reduce risk, prevent injury, and address damage claims. NUCA's renown safety program provides learning programs, technical assistance, safety news, and networking. Our member-only damage prevention program benefit has been very effective in reducing the amounts of money paid by excavators.
